VI. Evaluation and Award Criteria

A. The Authority evaluates four categories of information: responsiveness, responsibility, the technical proposal and price. All proposals must meet the following responsiveness and responsibility criteria.

1. **Responsiveness.** The Authority will determine whether the proposal complies with the instructions for submitting proposals including completeness of proposal which encompasses the inclusion of all required attachments and submissions. The Authority must reject any proposals that are submitted late. Failure to meet other requirements may result in rejection.
2. **Responsibility.** The Authority will determine whether the Contractor is one with whom it can or should do business. Factors that the Authority may evaluate to determine "responsibility" include, but are not limited to: excessively high or low priced proposals, past performance, references (including those found outside the proposal), and Contractor's record of performance and integrity. A Contractor must at all times have financial resources sufficient, in the opinion of the Authority, to ensure performance of the contract and must provide proof upon request. Authority staff may also use Dun & Bradstreet and/or any generally available industry information.
3. **Technical Proposal.** The Authority will determine how well proposals meet its requirements in terms of the response to the specifications and how well the offer addresses the needs of the project. The Authority will rank offers using a point ranking system (unless otherwise specified) as an aid in conducting the evaluation.
4. **Price.** Each proposal's pricing will be scored based on the formula cited below to determine the evaluation point value for Price. If less than (3) responsive proposals are received, at the Authority's sole discretion, the proposals may be evaluated using simple comparative analysis instead of any announced method of evaluation, subject to meeting administrative and responsibility requirements.

The Authority reserves the right to reject any and all Bids, to waive any and all informalities not involving price, time or changes in the Work and to negotiate contract terms with the successful Contractor, and the right to disregard all nonconforming, nonresponsive, unbalanced or conditional bids. Also, the Authority reserves the right to reject the bid of any Contractor if the Authority believes that it would not be in the best interest of the Project to make an award to that Contractor, whether because the bid is not responsive or the Contractor is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by the Authority. Discrepancies in the multiplication of units of Work and unit prices

will be resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum. If a contract is to be awarded, it will be awarded to the lowest Contractor whose evaluation by the Authority indicates to the Authority that the award will be in the best interest of the Project.

B. Request for Proposal Opening

If Contractor elects to mail/ship its RFP Proposal package, the Contractor must allow sufficient time to ensure the Authority's proper receipt of the proposal package by the time specified above. Regardless of the form of delivery, it is solely the responsibility of the Contractor to ensure that the RFP Proposal package arrives at the Fairgrounds no later than **2:00 P.M. EST** on September 1, 2023. RFP responses will be accepted up to, and no proposals may be withdrawn after, the deadline for responses submission time and date shown above. A Notice of Intent to Award a Contract will be posted to the Authority's website.

Note: Contractors are responsible to ensure that the Authority has their point of contact as well as their name, title, company name, address, telephone, and e-mail address in order to receive any addenda. Any questions concerning this RFP should be emailed to Michael Rogalsky, the Authority's COO.

VII. Standard Conditions

A. Reservations and Options

To the fullest extent permitted by law, the Authority reserves the right to award any combination of services or contracts, reject any or all proposals or responses, and/or waive informalities, minor irregularities, inconsequential deviations, and minor variations from specifications in proposals received. The Authority may accept any item or group of items of any proposal that will produce the most satisfactory results suited to its requirements. Without limiting the foregoing, the Authority reserves the right and options to: reject any or all of the submittals; waive or modify any of the provisions of the RFP; issue subsequent RFPs; cancel the RFP process; waive any errors in responses it receives.

Any or all RFP responses will be rejected if there is reason to believe that collusion exists among those responding and no participants in such collusion will be considered in any future invitations for the same work. Falsifications of any entry made in the firm's response or in any other written or oral communication with the Authority will be deemed a material irregularity and will be grounds for rejection.

RFP responses received by the Authority after the RFP opening time and date will be rejected as untimely and will not be opened. A late response notice will be sent to the firm upon the posting of any award notice. Unclaimed late responses will be destroyed after 45 days.

B. Miscellaneous Provisions

1. Change in Contractor's Information: If after Contractor has submitted a response, substantive information provided in that response changes, the Contractor must notify the Authority in writing and provide updated information. The Authority reserves the right to evaluate the modified response, eliminate a Contractor from further consideration, or take other action as the Authority may deem appropriate.

2. Restricted Communications – Cone of Silence: The Authority has established a cone of silence applicable to this RFP. The cone of silence will be imposed beginning with the advertisement of this RFP and will end upon the earlier of the selection of a Contractor by the Authority or the termination of the procurement process by the Authority. The cone of silence prohibits any communications regarding this RFP or respecting any issue related to this RFP between (i) a potential Contractor, (which includes vendors, service providers, bidders, proposers, lobbyists, consultants and advisors) and their representative(s), on the one hand, and Authority staff, on the other hand, except for communications made pursuant to this RFP, provided the communication is strictly limited to procedural matters or is otherwise expressly permitted by this RFP (such as, for example, providing a response to a direct inquiry

or request for clarification from the Authority), (ii) a potential Contractor and their representative(s), on the one hand, and an Authority member / board member on the other hand, and/or (iii) a potential Contractor and their representative(s), on the one hand, and a member of the Authority's Evaluation Committee, on the other hand. Any violation of the cone of silence will render voidable the Contractor's response and/or any awarded agreement or other written commitment.

3. Selection Non-Binding: Neither this RFP, nor the receipt or acceptance of any response submitted by any Contractor, nor the pre-qualification of a Contractor for a presentation or interview before the Evaluation Committee nor the short-listing or ranking of any Contractor by the Evaluation Committee, nor any oral or written statement related to this RFP made by the Authority or any of its representatives constitutes a binding commitment on the part of the Authority to enter into any contract, development agreement, memorandum of understanding, or other contractual commitment with any Contractor or any other party. Each Contractor acknowledges and agrees that, unless and until a written definitive agreement between it and the Authority has been executed and delivered, the Authority will not be under any legal obligation of any kind whatsoever by virtue of this document or any other written or oral expression. The Authority reserves the right at all times to reject any and all responses when such rejection is in the best interests of the Authority, and/or to reject the response of a Contractor who the Authority determines is unable to adequately perform a contract with the Authority, all in the sole and absolute discretion of the Authority. The Authority also reserves the right to waive any minor irregularity or technicality in or with respect to any response received – but the Authority has no duty to do so.

4, Sunshine Law and Public Records Act; Waiver of Trade Secrets. The Authority is subject to the requirements of the Government in the Sunshine Law, Art. I, § 24(b), Fla. Const.; §286.011, Fla. Stat., as well as the requirements of the Florida Public Records Act, Chapter 119, Florida Statutes. Contractors are hereby notified that information submitted as part of, or in support of, any response hereto will be available for public inspection in compliance with Chapter 119, Florida Statutes. The Contractor shall not submit any information in response to this RFP which the Contractor considers to be trade secret, proprietary or confidential. The submission of any information by Contractor to the Authority in connection with this RFP shall be deemed conclusively to be a waiver by said Contractor of any trade secret or other legal protection which would otherwise be available to Contractor. Any claim to confidentiality or trade secret protection is deemed expressly waived by the Contractor upon submission of any information to the Authority.

5. Public Entity Crimes; Discrimination. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a response to this RFP or enter into any contract to provide any goods or services to a public entity, may not submit a response to this RFP or enter into any contract for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity for a period of 36 months from the date of being placed on the convicted vendor list. The foregoing indemnity obligations shall not be limited by the amount of any insurance required to be obtained or maintained by a firm. Nothing herein or in any contract ultimately entered into by the Authority will be construed as a waiver of any immunity the Authority may have under the doctrine of sovereign immunity. If this clause is found to conflict in any way with Florida law, the clause will be considered modified to the minimum extent necessary to remedy the conflict and make the clause enforceable

8. **Independent Contractor.** A firm, in performance of any executed definitive agreement with the Authority, shall at all times act in the capacity of an independent contractor, and neither the firm nor any of its officers, directors, managers, members, employees, attorneys, consultants, independent contractors, agents or representatives shall be considered an officer, director, manager, member, employee, or agent of the Authority.
