Judging & Awards

Judges reserve the right to reassign entries to a more appropriate division or class. Judging will be done using a scorecard to assist in keeping decisions as objective as possible. **The decision of the judge(s) is final.**

The Florida State Fair judging of Preserved Foods Classes will be based on guidelines established by the USDA (Judging Home Preserved Foods.) The described criteria are based on canning procedures in the USDA Complete Guide to Home Canning as well as food drying recommendations from recognized resources in the Cooperative Extension System. **This information is available online at:**

Sweet Preserves – Divisions & Classes

Definitions

Preserves: Preserves are fruits (or uniform pieces of fruit) preserved with sugar so that the fruit retains its shape, is clear and shiny, tender and plump. The syrup is clear and varies from the thickness of honey to that of soft jelly.

Chutney: A sweetened fruit preserve that also contains onion, nuts or other savory, chunky ingredients.

Marmalades: A soft fruit jelly containing small pieces of fruit or peel evenly suspended in transparent jelly. Marmalades are a traditional way of preparing citrus-based jellies.

Jam: Jams are made by cooking crushed or chopped fruits with sugar until the mixture will round up in a spoon. There should be no separation of fruit and juice.

Fruit Butters: Butters are made by cooking fruit pulp and sugar to a thick consistency that will spread easily. Spices may be added; the amount and variety depend upon personal taste. If a smooth texture is desired, the pulp can be put through a food mill and then strained through a fine-meshed sieve. Fruit curds would be included in this class.

Jelly: A semi-solid mixture of fruit juice and sugar that is clear and firm enough to hold its shape, yet it is soft enough to spread easily. A Jelly should not contain pieces of product. (Exception: pepper jelly may have pieces of pepper suspended in it).
